

Eagles Soar

Around the World

Whether you're from the Cheney State Normal School, Eastern Washington College of Education, Eastern Washington State College or Eastern Washington University, your neighbor, a colleague or a family friend could be a fellow alum. In my experience as Director of Alumni Relations, I have received several phone calls from inquisitive alumni unsure of how to get involved with Eastern at such great distances. EWU's Alumni Relations staff has come up with some solutions to help you.

In the past year, your feedback has helped to create alumni chapters, online message boards and an electronic newsletter. So, when you look over your shoulder, you are no longer a sole Eagle (or Savage). On the next two pages, a United States map depicts where our alumni live, so you can see for yourself how far we have flown.

Nancy H. Bozarth R.N., 1983 and Rick Bozarth M.D., 1982 - Biology. San Antonio, TX. "The professors were excellent and class sizes were small enough that one on one interaction with the faculty was readily available. This combination of skilled faculty and small class sizes made EWU an outstanding university to receive an education from."
