Sustainability Meeting
February 19, 2014

Members present:

Linda Kieffer
Kathleen Warren
Judd Case
Lauri Morley
Don Richter

Guests:
• Kelsey Crane
• Dining Services

Sustainability Symposium
Kelsey discussed the Sustainability Symposium that is schedule for Tuesday February 25. Dining Services talked about the menu and how they have worked to ensure all food is organic. It was determined that the event is well planned and our job is to get people to attend.

Sustainability website
The EWU Sustainability Website was discussed and it was determined that we need four areas.

• Current Projects
• Courses with sustainability content
• Events
• How to get involved

Homework is to think about what type of information will be included in each of these areas. We will design input forms.

Brown Bags and Movie Nights
Brown bags were discussed and it was agreed we need to offer on both Cheney and Riverpoint campuses. We will look into discussion leaders and donations for pizza. Food will encourage better attendance. Movie nights were also discussed.

Meetings
We agreed to meet once a month, however since there is much work to be completed, we will meet again in two weeks. Thursday at noon appears to be the best time for meetings. The next meeting is schedule for March 6, 2014 at noon in TAW 215A.
