FACULTY RECRUITMENT BULLETIN

College of Arts, Letters, & Education
Assistant Professor of Exercise Science (Tenure Track)
Department of Physical Education, Health & Recreation
Recruitment Begins: October 2012

Eastern Washington University and the College of Arts, Letters, & Education invite applications for a full-time Assistant Professor of Exercise Science in our Department of Physical Education, Health & Recreation (“PEHR”). This tenure track position will begin fall quarter, mid-September 2013.

Eastern’s PEHR faculty bring to their undergraduate and graduate programs depth of knowledge and experience in teaching, research, and service. The department’s undergraduate programs prepare students to complete degrees in Athletic Training, Community Health, Exercise Science, Health and Fitness, Outdoor Recreation, Recreation Management, and Therapeutic Recreation. We have a Master of Science degree in Physical Education with two tracks – Sports and Recreation Administration and Exercise Science.

Eastern is a regional, comprehensive university that expects all faculty to demonstrate teaching excellence, professional growth, and service to the university, profession, and the community. We seek a colleague who values and is passionate about students’ wellness, in addition to having a passion for teaching college students about health, wellness, and performance. The candidate will teach undergraduate and graduate courses in exercise physiology and related areas, develop coursework in his/her other area(s) of expertise, advise undergraduate exercise science majors and supervise graduate student research. The successful candidate is expected to maintain a focused line of research, seek extramural funding for research or programs, and demonstrate an active professional involvement in the field of exercise science.

Eastern is located in Cheney, Washington, with a second campus located in Spokane (30 minutes from Cheney), as well as additional teaching/learning centers located in other cities throughout Washington State. The Cheney-Spokane area is the heart of the Inland Northwest, with excellent restaurants, theater, shopping, a choice of living in a medium-sized city or a small town, and high quality schools and housing. Outdoor recreational opportunities abound in the nearby lakes, rivers, forests, and mountains. Department faculty have access to all Eastern’s fitness facilities and our well-outfitted human performance lab. Enrollment has reached over 11,000 students.

Qualifications Required:

- Doctorate in Exercise Physiology or closely related field must be conferred by the start date (9/16/2013).
- College level teaching experience required; preference may be given to candidates who offer two or more years teaching exercise science course work.
- Evidence of scholarly activities relevant to the field of exercise science such as, but not limited to, clinical aspects of exercise physiology, applications of physical activity across diverse populations, or human performance research.
- Additionally, candidates should have demonstrated interest, experience or ability to promote cultural competency and/or diversity.
Preferred Qualifications:

Preference will be given to candidates who meet one or more of the following:

- Evidence of scholarly activities in basic research, and ability to contribute to the teaching and research agenda of a multidisciplinary department.
- Interest in and potential for collaboration with external groups in service and research projects.
- The candidate should have a wellness lifestyle that reflects the philosophy of the PEHR Department.

Other preferred qualifications include:

- Ability to teach graduate level classes in sport leadership, research, or administration.
- Potential to obtain internal and external funding.

Position is open until further notice; screening will begin 11/26/2012. To be assured full consideration, your application must be complete and submitted through the online portal located here: https://jobs.hr.ewu.edu by January 4, 2013. Submittals must include a letter of application which addresses each of the key responsibilities and qualifications of the position; curriculum vitae including a list of three references with addresses, email, and phone numbers; evidence of your teaching success; and samples of your professional work (including any recent publications). You will also be asked to complete a short candidate profile form as part of the online process. Applications will not be accepted via email, regular mail, or any other mode of transmission.

Three confidential letters of recommendation addressing your teaching and research abilities are also required. The letters should be addressed to the “Search Committee – Exercise Science” and mailed to the Department no later than January 15, 2013, as follows: Ms. Susan Beam, Department of PEHR, 200 PEB, Eastern Washington University, Cheney, WA 99004.

EASTERN is committed to increasing the diversity of its faculty, staff, students and academic program offerings and to strengthening sensitivity to diversity throughout the institution. We are an affirmative action/equal opportunity employer, and applications from members of historically underrepresented groups are especially encouraged to apply.

Successful candidate(s) will be required to pass a background check and show proof of eligibility to work in the U.S. pursuant to U.S. immigration laws. SPECIAL ACCOMMODATIONS: Eastern strives to satisfy all requests for special access needs for persons with disabilities. Requests for such accommodations are welcome and may be made by calling Human Resources at: (509) 359-2381.
