OUTPATIENT PHYSICAL THERAPIST

Academic Medical Center / Teaching Hospital
Delivering the highest quality of healthcare

Fabulous Southwest U.S. region

Overview:

- Evaluate, diagnose and treat physical and functional impairments in patients of all ages.
- Improve mobility, strength, and functional ability
- Member of interdisciplinary team, working in collaboration with the patient, family and other team members creating a rehabilitation program specific to the patients’ needs
- Design a customized program, which is outcomes-oriented and designed with the patients’ goals as the central focus
- Treat: orthopedic conditions, neuromuscular/neurovascular disorders, stroke, cardiac disorders and complex medical problems
- Use a variety of manual techniques, treatment modalities, advanced technologies and educational programs to help patients achieve their specific goals in rehabilitation
- The interdisciplinary team model allows for ongoing education and collaboration with physicians and other rehabilitation professionals to ensure the best possible care for patients
- Benefit from active research studies to provide current, evidenced-based assessment and treatment
- Electronic documentation; progressive note entries

Compensation:

- A very competitive salary range up to $90,000
- Substantial Sign-On Bonus
- Relocation Package
- Onsite Interview expenses paid
- Continuing education
- Fully benefited, full-time permanent hire opportunity

Southwest U.S. region: A very vibrant culture with phenomenal weather.
One of the most scenic locations with outdoor recreation such as hiking, mountain biking, cycling trails and organized teams/rides, horseback riding and year-round golf. The local community has many festivities and amazing farmer markets. This diverse area is very affordable (less cost of living than U.S. average); not too big of a city but has all of the amenities that a larger city offers. Within the friendly streets of this welcoming community, there is a diversity of people and a variety of performing arts, theater, and music. A lot of local art and museums. Traditional shopping malls to quaint historic shops. And a creative variety of restaurants and entertainment!
