Cell Phone Use Policy

Ringing cell phones and loud conversations may be distracting to other people using the library. EWU libraries ask that patrons respect others’ need for quiet, and observe these guidelines for cell phone use.

- Cell phone ringers should be turned off or set to vibrating mode upon entering the building.
- Please speak in a low voice when using a cell phone in the approved areas.
- Cell phone use at a low volume is approved in these areas of JFK Library:
  1. The lounge seating areas and vestibule of the main level lobby near the front entrance.
  2. Hallway near the rear entrance.
  3. Restroom areas on the main and upper levels.
  4. Group study rooms or lockable study carrels, with the door closed.

The library reserves the right to ask patrons to leave the building if they are using cell phones in restricted areas or disturbing others in any area of the library.
