UNDERGRADUATE PROGRAM

The Honors Program cultivates excellence in undergraduate education by providing enhanced educational opportunities to superior students and special teaching opportunities to outstanding faculty. Honors courses and Honors activities seek to develop a thorough knowledge and appreciation of the liberal arts and sciences; cultivate excellent writing, calculation and critical thinking skills; and inspire an attitude of self-responsibility, lifelong intellectual development and engagement with the world. Admission to Honors at Eastern is based entirely on demonstrated qualifications and potential.

Recognition as an Honors scholar is beneficial to students who apply for admission to graduate or professional schools; it also strengthens applications for employment. Participation in Honors gives academically accomplished students the opportunity to develop and apply their talents by providing closer interaction among faculty and peers. Honors students delve more deeply into their major disciplines and gain a broader perspective of their personal roles in society. Participation in the program shows that students are serious about learning; therefore, they receive special attention. Faculty members honor this commitment by providing special courses, individualized instruction and special advisors.

University Honors has both general and departmental honors components.

General Honors emphasizes academic excellence in liberal arts curriculum areas. These freshman Honors Sequence courses (HONS 101, HONS 102, HONS 103, HONS 104) are interdisciplinary in nature and satisfy six of the General Education Core Requirements.

University Honors upper-division courses encourage Honors students to consider their own fields of study from the perspective of a broader cultural framework. These courses are offered for transfer students, sophomores, juniors and seniors.

Departmental Honors emphasizes excellence in one of the academic disciplines.

Financial Assistance

Qualified freshmen and transfer students have an excellent chance to receive one of several scholarships: the Killin, Academic Honors, Scholastic Honors four-year scholarships, or the two-year Transfer Honors Award. These awards are specifically for the academically accomplished. Contact Honors staff for additional information.

Other criteria include class rank, letters of recommendation from teachers or counselors, and personal interviews. Special consideration is shown to students who have participated in honors programs while in high school or community college. National Merit Semi-finalists or Finalists, National Achievement Semi-finalists or Finalists and National Achievement Commended students are automatically eligible. Students not admitted to the Honors Program upon initial enrollment may be accepted no later than the middle of their junior year. These students must have a college GPA ≥ 3.3.

To apply

Incoming freshmen and transfer students with a GPA ≥ 3.6 and superior test scores complete the EWU General Scholarship Application. A letter of recommendation from an instructor or counselor and a brief statement of academic interest are sent directly to the Honors Program.

Student Learning Outcomes—students will:

- engage purposefully in scholarship and/or creative works, leadership/service, athletics, mentorship, and/or multi-cultural/intercultural activities;
- present academic, creative, and civic discourse in written and oral forms;
- demonstrate awareness of the rhetorical and ethical dimensions of issues in a spectrum of contexts, media and sources and in their own work;
- show an understanding of the diverse nature of scholarship and creative works in the university.
