## EWU STADIUM RENOVATION MEDIA KIT

On Friday, September 6, 2019, the Eastern Washington University Board of Trustees approved a **task force** proposal outlining plans for renovating the existing football stadium. The proposal establishes a goal of raising \$25 million of private funds to remodel the existing facilities since state dollars cannot be used.

Construction can begin once the funds are raised, however the immediate need is to replace the red turf before the beginning of the 2020 football season.

Eagle Nation deserves a space that matches the strength, passion and hard-work of a program and is a point of pride throughout the region and beyond.

The EWU Foundation has established a Stadium Renovation Fund and will be working with individual and corporate donors for gifts. Donations can also be made online at [ewu.edu/stadium](http://ewu.edu/stadium).

### INCLUDED IN THIS MEDIA KIT:

- Renderings of the stadium
- Breakdown of the project cost
- Press release
- FAQs

To request higher resolution versions of the renderings or a copy of the **promotional video**, please contact **Dave Meany** at **509.359.6335** or [dmeany@ewu.edu](mailto:dmeany@ewu.edu).
